We are... FHS

People often say that high school will be among the best years of your lives. At Freeland High School, this is certainly proved to be true. In a small, close-knit, and high-achieving community like Freeland, one can find people from many different walks of life. When one looks through the many Freeland students, numerous different stereotypes can be found; the "jocks", the "nerds", the "preps", the "teacher's pets", or the "skippers".

Through these different experiences, walks of life, and supposed stereotypes, the family of Freeland High School develops its unique identity; however, it is instilled in us that success cannot be achieved without the help of others. The various sports teams stride for greatness, clubs join together for unique events, and other organizations plan numerous school-related activities. The differences amongst these people are set aside, the members come together, and the students of Freeland High School know they succeed in everything they set their minds to; academic excellence, creative ingenious, athletic success, and giving back to the community that made us who we are: this is Freeland ...We Are Freeland.

2. Pumped to be Done

Mariah Elliott walks off the stage with tons of excitement; she is finally done with high school and ready to tackle the life of a college student.

3. Hard Work Pays Off

Classmates Michael, Kyle, and Ben worked hard all through high school. Now it's time to set off into the world and make the most of it.

4. Prepared for the Future

Addie and Kitty both attended the Saginaw Career Complex during their junior and senior year. Now they are ready to put their nursing and cosmetic skills to the test, being one step ahead of the rest.

Baccalaureate & OSCAR NIGHT

"We came here as strangers, We stay as friends, We leave with memories that will never end"

In previous years at Freeland High School, the senior class has had a ceremony dedicated to performing their skills, being blessed as they are sent off to college, and saying their last goodbyes to high school. It was originally called Baccalaureate, but this year they have broken it down. Baccalaureate was moved from being held at the high school auditorium, to one of the local churches in Freeland.

Freeland's own senior class council hosted the first ever Oscar Night. It included an evening of food, friends, family, and fun. Mock awards were given, the senior's displayed their musical, dancing, and other talents. Not only was it played out just as the Oscars are, the council even went above and beyond with gold spray-painted Barbie dolls to recreate the real "Oscar". With everyone in red carpet attire, the night turned out to be a hit and will become a new tradition for Freeland High School's seniors for graduations to come.

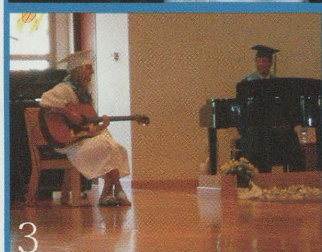

--Senior Class President Katie Ott

Friends, Matt Wood, Kallie Satkowiak, and Wendy Laszlo posing before the ceremony. 5. Saira Shariff and Autumn DeGroat happy to be graduating.

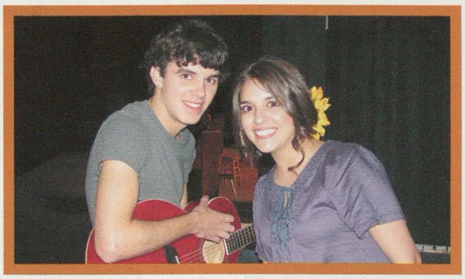

Final Impressions

Oscar Night was a fresh idea at Freeland High School this year, and overall it went very well. Oscar Night was a time to look back on the past, live in the present, and hope for the future.

Varsity Gymnastics

>> Even before the season started the gymnasts worked out in the gym during the summer. It was hot, with no air conditioning, but they pushed through because they knew they would have to work hard this year.

The team would have to work extra hard because of the loss of seniors from the previous year. Along with the remaining five gymnasts from last year, six new freshmen joined to complete the team.

Even though most of the team members were new, they continued to increase their scores at every meet they went to.

Out of the small group of girls that made up this team, five made it to the state competition individually. Seniors: Mariah Elliott and Sara Schram. Junior: Sophia VanKirk. Sophomore: Shelby Niedzweicki.

It's all fun and games until someone gets toilet papered; then it's on. For years now the juniors and seniors have been in a constant battle against each other during the Homecoming season; not only with toilet papering, but in the Homecoming Powder-Puff game. This year the seniors were the victors for the second year in a row.

This was the third year the game was played on the actual football field under the lights. Also, this year there was an added factor to the game; rain. Both teams played through it but only one could come out on top and of course it was the seniors.

To start the game, the seniors won the coin toss and got to start with the ball. On the second play of the game, senior Brittney Phillips scored the first touchdown. The seniors decided to go for the two point conversion and senior Britnie Bell punched it in. Then it was time for the juniors to get the ball for the first time. The senior's defense put a stop to their offense, and not long after it was time for the seniors to do their thing again.

Once again, when the seniors got the ball Britnie ran for another touchdown. The two point conversion was good and the score was now 16-0, with the seniors in the lead. The juniors picked it up and came back with a touchdown by junior Sarah Walker. They could not get the two point conversion in, so the score was now 16-6. The game was back and forth from there.

Once the seniors scored, the juniors returned with a touchdown as well. Bell finished the game with three touchdowns, and Phillips contributed one for the seniors. Walker had all of the junior's touchdowns. The final score of the game was 30-20, in the senior's favor. This improves the senior's (who also beat last year's seniors as juniors, winning against the odds) record to 2-0, the best Freeland has ever seen. The juniors will have another chance next year and the tradition will go on.

>> Take off the helmet, the jersey, & the pads; you'll see the unbelievably close friendships formed between each football player.

After a whole summer, ninety degree two-a-day practices, and ten weeks of hard hitting football, forty-three boys walked off a muddy worn out field all doing the same thing. As a team the Falcons made a lasting impression on the coaches, community, and each other. Freeland started the season out with three losses to three teams that all advanced to the regional finals in the playoffs. For the second time since 2000, the Freeland Falcons made back-to-back playoff appearances. The team kept playoff hopes alive in week four when they managed to defeat the Shepherd Blue Jays in a close game. The Falcons ended their long season in the first round of playoffs, when their six game winning streak was ended by the Pioneers of Clare.

Varsity Boys Soccer

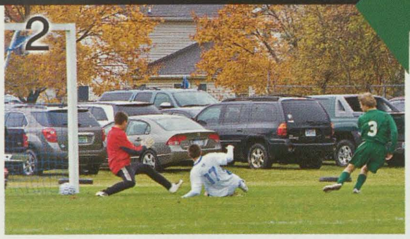

This was a season unlike any other for the Varsity Boys Soccer Team. The team had lost 13 seniors from the previous year, and many believed it would be a season of rebuilding the team.

The boys were left with a bitter taste in their mouthes; Nouvel had cut the boys' season short the previous year. They had won their first conference title, though, only losing a single conference game. Nobody really expected much out of these boys, except themselves.

The season got off to a great start, however; mercy, mercy, mercy. Undefeated in the conference this year, beating last season's single loss. A first ever for this team. Districts came along, and the boys also kept their focus, making sure that this year wasn't a fluke as it had been the previous; they proved many people wrong. A 4-0 win over Nouvel capped off being ranked amongst the top ten teams in the state all season. Winning its first ever regional championship, the boys finally lost in the state semi-finals to eventual state champion Detroit Country Day.

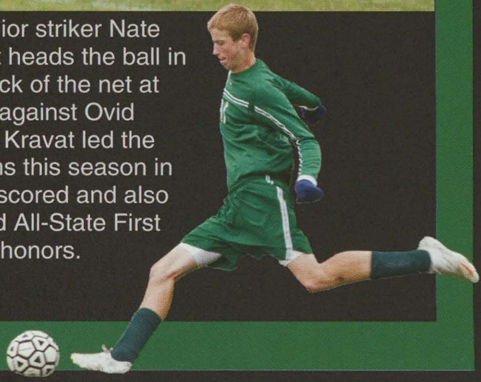

1. Senior midfielders Adam and Justin Burns go in for a tackle on a Nouvel player as senior Taylor Weadock looks on.

4. Junior midfielder Brandyn Kearney contests and wins a header against a Nouvel player.

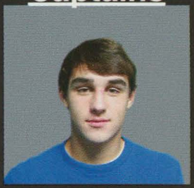

2. Junior Brendan Bell puts a shot past Nouvel's keeper for a goal in district finals. Bell earned All-State Honorable Mention at the conclusion of this year's season.

5. Junior keeper Abe Bonn denies Ovid Elsie a goal by making an impressive save. Bonn earned All-State Second Team Honors.

3. Senior striker Nate Kravat heads the ball in the back of the net at home against Ovid Elsie. Kravat led the Falcons this season in goals scored and also earned All-State First Team honors.

Varsity Volleyball

>> With not much experience on the team, the girls did not know if they would do as well as they wanted to, but they came out acting like they have been playing together forever.

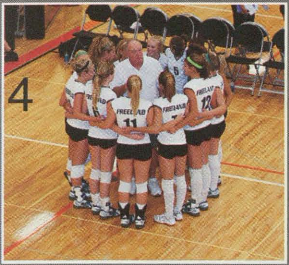

After the hard fought season last year, winning only two conference games, the Varsity Volleyball team had a major improvement. Working hard at camps and open gyms all summer long paid off. Last year they went 2-4 in conference games; this year, they doubled their wins and went 4-2. Throughout the season they had some ups and downs, but the highlight of the season was the win against Alma on Senior Night. No one expected to have that outcome because Alma was the number one team in the conference. Freeland made it to the higher bracket at TVC's but lost in a close one to Caro. The team ended their season with a tough loss against Hemlock in the first round of districts.

Varsity Boys Basketball

>> After two and a half weeks of conditioning, Freeland started out slow with two loses against future District Champions Buena Vista Knights and Swan Valley Vikings. A rough start quickly turned around for the Falcons.

On Friday February 12, against the Bullock Creek Lancers, Senior Guard, Joe Ruhlman, scored his 1,000 point in his Varsity career. On February 13, against the Alma Panthers, Coach Dave Franz received his 400 career win as head coach. In the playoffs, the Falcons took care of Bullock Creek and Hemlock; and faced Shepherd for the third time in the season. The third time was the charm as the Falcons beat Shepherd for the first time in the season and became District Champions for the first time since 2006. The Falcons ended their season with a loss in Regionals to the #9 ranked Muskegon Heights Tigers and finished with a final record of 15-9.

Varsity Girls Basketball

>> With four returning starters, there were many expectations for the falcons to live up to. It was not a hard task with the talent on the team this year.

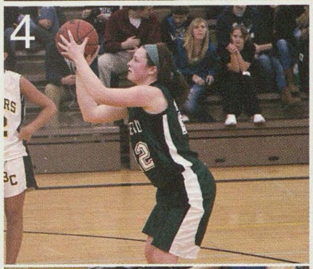

After being back-to-back district champions, they knew that they would have to work extra hard if they wanted more. The team came out strong with a winning streak of six games. The tough loss of Bullock Creek made everyone want revenge. They continued on with a ten game winning streak, beating Bullock Creek along the way. Hemlock was their only other loss, putting the Falcons in a three way tie for the Conference Champions. The first and second game of Districts were easy wins. In district finals, the falcons got their revenge against the co-conference champions, Hemlock. The win against Hemlock gave the Falcons a three year streak of being district champions. In Regionals, they went on beating Oakridge and Big Rapids. This was the first time since 2003 that Freeland won Regionals. In quarterfinals the Falcons lost to Kingsford. Even though they didn't get to the final four, they reached their goal; to make it past Regionals.

VARSITY WRESTLING

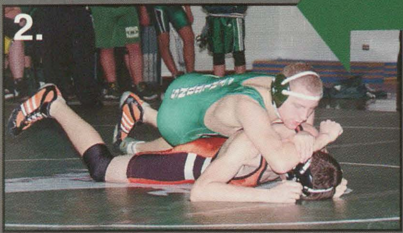

>> Success is a word that is associated much with the Freeland Wrestling team. The 2009-2010 season would be no exception in the minds of these fine athletes.

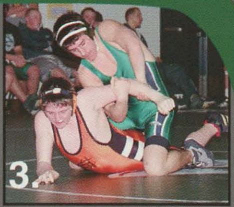

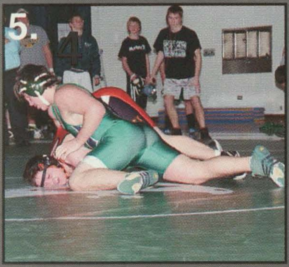

The season ended just as they had hoped it would, with a winning team record of 22-10. This makes this year's seniors the class with the most wins, finishing with a career team record of 95-45. To top the season off, the team finished 2nd in the TVC Central and sent two wrestlers to states this year; Kyle Henderson and Jarred Pitts.

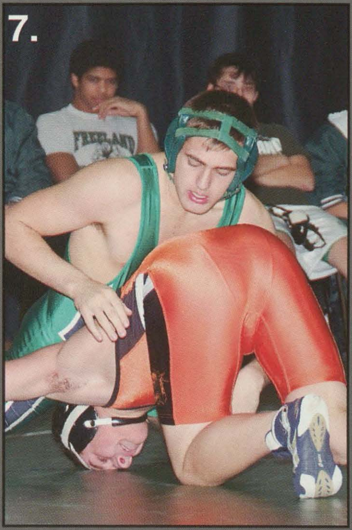

Wrestling head coach Mike Ritt is looking forward to next year. He says there are a few incoming freshmen that will fill the spots left available by the seniors. Coach Ritt stresses the importance of leadership and hopes that next years team will rise to the challenge.

Varsity Hockey

>> This was a season that was more about learning and working togethe
than anything and proved to be a memorable season for all.

During four months of the school year, 20 boys pour their heart and soul into this great sport. Hours of practic every day taught good work ethic and provided another family for each of these boys. The score did not always reflect the true competition, as each and every one of the young men rose to meet their opponent's high level of pl

Unfortunately they got knocked out in the first round playoffs by rivals Swan Valley. The previous years were nothing compared to the fight that was placed on them th year. This was a building year for many of the players, a the team as a whole will be remembered by many for a lifetime.

Chris Thayer

"It was a fun year. We played good and had great team chemistry. We had many good memories and it's a season we won't forget. "

Varsity Poms

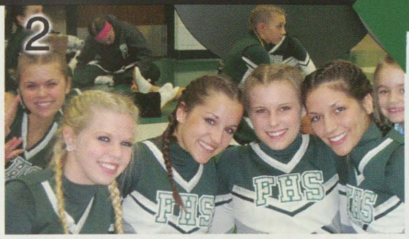

Starting the season with being back-to-back State Champions bro more pressure to the team than anyone can ever imagine. The gir a lot of that starting with camp last June.

Everyone expected them to be the best, but every t different. After camp came football season and High Competition. The team didn't place as well as they ho Kick, but they were in a division with Class A teams. weren't too upset.

After High Kick, they started practicing camp rout basketball games, and picking out music for States. E January, the team competed at Regionals, which was Heritage High School. The girls did great and moved State Competition. At States, they ended up with a pl was lower than their expectations. "I thought this year was a lot of fun. We accomplished a lot as a team and even though we didn't place where we wanted, overall we still did our best. I love you girls."

Varsity Cheerleading

>> After a disappointing first season as a competitive cheerleading tea those returning didn't know what to expect. With a new coach, a ne attitude, and the skills to succeed, the team was ready for a change.

Football season was a blast; filled with memories and learning new st to show off at each game. The team was ready to start competitive ar was out for victory. Their new coach, Rachel Hauk, gave them the inspiration and the tools needed to succeed. All they had to do was perform each round with perfection and no flaws. From the first competition, the girls knew the year would be great, for they had alrea beaten all of their top scores from the previous year. As the season progressed, they realized their potential and really started working ha Every competition their scores increased in at least one round from th previous competition. It was the week before districts and the girls kn what they had to do to make it to Regionals. They came together as a team more than ever and mentally prepared themselves for the competition. On the day of districts, the girls performed each round th best they ever had. All they had to do was get in the top four and the would be moving on. They squeezed each other's hands tightly as th name was announced, fifth place, only 3 points away from Regional's They sighed and knew that next year would be the one, they would b going to Regionals.

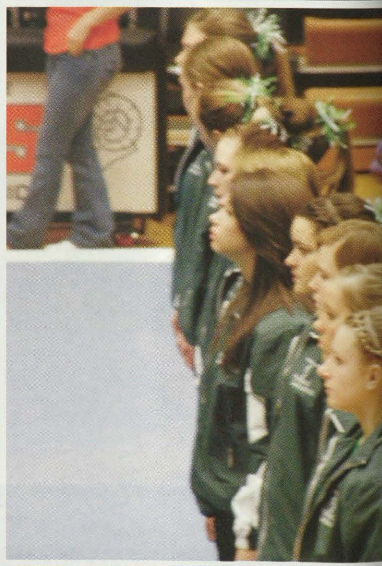

Varsity Gymnastics

Even before the season started the gymnasts worked out in the gym during the summer. It was hot, with no air conditioning, but they pushed through because they knew they would have to work hard this year.

The team would have to work extra hard because of the loss of seniors from the previous year. Along with the remaining five gymnasts from last year, six new freshmen joined to complete the team.

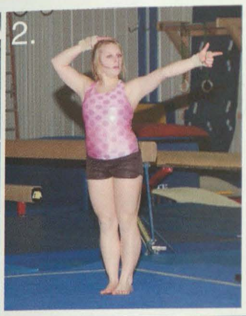

Even though most of the team members were new, they continued to increase their scores at every meet they went to.

Out of the small group of girls that made up this team, five made it to the state competition individually. Seniors: Mariah Elliott and Sara Schram. Junior: Sophia VanKirk. Sophomore: Shelby Niedzweicki.

Varsity Baseball

>> "Falcons *HIT* Falcons *WIN*"

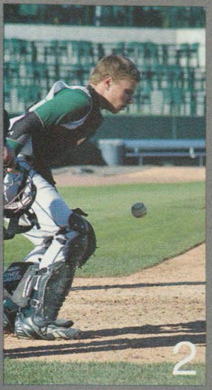

"We were a young team this year, but we have a lot of potential next year."
>>Junior Mason Miller

The 2010 season experienced a youth movement at the varsity level. With only one senior, Mason Sakshaug, many players were playing at the varsity level for the first time. Only three starters returned from the 2009 season and they included Robert White, Justin North and Mason Schriberr. Leading hitters for the season were Justin North, Mason Schriber, Brandon Anderson and Robert White. The pitching staff included Lane Compton, Josh Flood, Tom Taugher, Mason Schriber and Ben McKeith. Overall, the team improved everyday and learned from their mistakes which is what a young team must due in order to be competitive. The 2011 season looks bright with the majority of the roster returning and with additional juniors trying out for the first time at the varsity level.

Varsity Softball

>> "If you compete every pitch, of every inning, of every game, you will **SUCCEED**."
-Coach Dan Behmlander

The 2010 Varsity Softball season started off a little unsteady, but with some more practice and dedication the girls pulled through with many key plays and wins. With six returning seniors and two other returning veteran players, experience was definitely was on the team's side. When the Lady Falcons learned they would be playing their number one rival Bullock Creek second round of Districts, the girls knew it would be the most important game of their lives. The girls brought intensity to the field that day and came out on top, making that the highlight of the season. The girls ended their season in District finals losing to Mount Pleasant. The 2011 season will be a challenge with the loss of six seniors, but it's nothing that they can't overcome.

Back to back Tri-Valley Conference champs, back to back District champs, and back to back regional runner up.

The lady falcons came out this year stronger than any other season. After winning 3 games they had to play Ovid-Elsie which was there biggest competition. After tieing that game the ladies knew they had to beat them next time and they did, 3-1 on their field. After having big wins all season the lady falcons moved on to districts. They drew a bye the first game so they could rest and get healthy for the upcomming games. The lady falcons then beat Bullock Creek in the district final 2 years in a row with a mercy. They then played back in Montrose against Richmond and sent them home in the first regional game. Frankenmuth was their next challenge and they were pretty even with the team. The ladies just could not get a goal and lost in the regional final again, 1-0.

One Big Happy Family Reunion

This year the band bonded more as a 'family' than ever before. Mr. Shephard has contributed his life to this band and it is because of him the band is where they are today. After 34 years of teaching at Freeland High School, William Shephard has decided that it was time to hand the program over to someone else. Shephard started with only a few members of the program and created a band known around the state for its high quality of music. In recognition of all his hard work, music is being composed by a nationally recognized composer. For a man who started out as a engineering student, it's fair to say that Shephard has accomplished a lot over these past thirty-four years. Success is something that can be indefinitly linked to a man like William Shephard; for his noteworthy performance with the Freeland band program will continue to be a part of his legacy for years to come.

2010 Drama Club

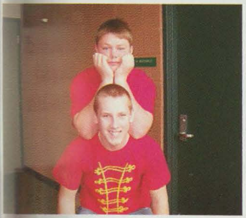

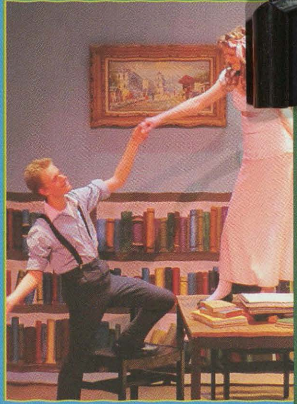

Actress Saira Shariff and Actor Kyle Crusen steal a kiss while on set of the Music Man.

All year long, the members of the Drama Club work hard to put together the annual spring musical. Meetings were held every two weeks to work on perfoming skills. Finally, after all their hard work, they get to show off their amazing acting ability. "The Music Man" was a huge success this year. The talented cast was brilliant. Every year this club seems to stun the crowds and has a great name in entertainment for our school.

Art & Academics

We are... artistic, intelligent, studious, dedicated, creative, innovative, and hands on learners. Through fine arts experiences, creative writing, Science labs, and life skills classes, students are able to learn in new ways that take them out of their seats in the classroom. Defining emotions through art and hands on learning experiences is a powerful way to tell a story. The stroke of a paintbrush can change the entire meaning of the strov you are trying to tell.

Walleye Fest Fun

The Walleye Festival has been a Freeland tradition since 1985. It is a time of crazy traffic, garage sales, and the carnival at Burt Watson. Many also come out to enjoy the fishing tournament, the fish tent, the Freeland Athletic Association Ball Drop, and especially the annual Walleye Fest parade. People come from all around to crowd the streets of Freeland in search of the best garage sales or to get their share of fish at the famous fish tent. The Ball Drop had another successfull year. About $5,000 was raised this year to help fund Freeland athletics. The Walleye Festival's 25th Anniversary was a resounding success and will continue to be in the years to come.
